Create Your Own Top Soil!

Use materials you already have available to create healthy top soil in a fraction of the time nature takes to do it.

FREE

Thursday, Nov. 14th - 6:00 p.m.

Onalaska Elementary School Dining Hall
551 Carlisle Ave., Onalaska WA 98570

Why create your own soil?

- It's easy
- Nature takes hundreds of years
- The materials needed are all readily available and FREE
- It encourages earthworm and microorganism activity just like nature does
- It's FREE
- You can do it in a day or two
- Uses materials you would normally throw away or burn
- It grows healthy plants that eliminate the need for pesticides

FREE No pre-registration FREE No pre-registration FREE
